

Mercruiser

Mercruiser Clutch Question

Hello Sir:

Attached is a bulletin explaining how Mercruiser has changed the clutch by incorporating it in an entire new gear set and clutch combination. I can supply this new kit, but the price is around \$1,950 for the gear set, pinion and clutch etc.

This is what Mercruiser recommends strongly.

I do have one of the older type clutch 43-883473A4 left, but the price is \$550 (I had to pay a premium to get it as they are now rare). I am happy to sell this to you, but please realize that Mercruiser would want you to swap out to the new set up.

Please let me know what you would like to do.
