

**Prop
Hello,**

**I am looking for propellers, part number
41100689 & 41100677 . Can you ship to
Australia?**

Hello:

Both of these props are expired. I have the one prop in stock here, but the other one will be coming from Spain.

We ship to Australia all the time.

These QL parts are getting very hard to find. Volvo Penta sold the QL line to a company called Side Power in Sweden and they don't support the line at all.

All prices are quoted in U.S. dollars. While Marine Parts Express will attempt to minimize the amount owed, any duties or tariffs are the responsibility of the purchaser.

Thank you and please don't hesitate to contact us if you need any more information or would like to place an order.
