

Part Number

I need a cylinder kit for my Volvo Penta diesel engine, #876098. Can you order it?

The cylinder kit 876098 comes with the liner, piston, piston rings and pin, and seals. However, this part number has been discontinued and is no longer available.

If you can tell me which T(A)MD31 (A, B, M, P) you have and the serial number, I may be able to supply cylinder kits that will work for your application. If it is an A, you may have to rebuild it to a B (done frequently) to get cylinder liner kits.

Unique solution ID: #1251
