

Part Number

I need a new spinner for my Volvo Penta IPS. The part number is 3886126, but I can't find it. Can you help?

The spinner 3886126 has been replaced by a new spinner, a new nut and a new bolt, 22072153, 22001844 and 963699 respectively.

You need to purchase all three parts to replace the earlier version of the spinner.

Unique solution ID: #1252
