## Volvo Penta Contents of Kit 21676083

Hello:	Contents of Kit 21676083
This k	it has two part numbers in it.
1)	Two Disc kits (21357719) - attached is a picture of the discs.
2)	And the upgrade oil kit 21551779.
	purchasing the 21676083 is less expensive I would get it this way and just hold onto the discs you have not changed the discs maybe change them when do the other work.
