

Volvo Penta

Looking for volvo DP-SM outdrive, is DP-S the same?

Tuesday, October 30, 2018 12:24 PM

The DP-S was an earlier version of the DPS-M.

The DP-S was 1995 to mid 1997 or so.

The DPS-M was from 1998 forward.

You can, with some slight adaptations, use these interchangeably but they are not exactly the same.
