## D2-55A PN 21951374 Now 877418 Question

Can you please tell me if the wear kit for a D2-55A #21951374 superceeds or is replaced by a new # because it is showing no stock with no price on Volvo.

Hello

The wear kit is still being sold under the early number of 877418, once these are sold the part will split to individual pieces
